

The words of God is illegal to share in this country. The authorities said that they really careful of the foreigners to come to share with Vietnamese, because foreigners might lead their people to rebel against their government.

Date: 7/Oct/10

We started the Good News with a tribal group called Steong who lives along the border of Vietnam and Cambodia. These people live under the pressure. They live as the foreigners in their own land. It's seem that they got a little freedom to live; but the amazing thing is they really open for the Word of God. The people who believe in God they committed to His word. Their faithfulness to God is up to death.

The mission to Vietnam

Lok Nign is the district that located next to the border of Cambodia. To go to Lok Nign, we just cross the Cambodia border at the Snuol district. It's about 8 km from Snuol.

In Vietnam, we met Mr. Teang, Quiv and others people. We discussed about the process of church grow in Vietnam; but we can not share the Word of God.

Whenever we arrived, the Vietnam polices was there, too. This time three policemen and one of the religious leader came to listen to us. They didn't allow to share the Word to Vietnam; but they allow us to pray for Vietnamese. Even though I can not share the word to Vietnamese, but I still used this time to share my testimony to the policemen and in my testimony there was the Word. I believed that in God time He will use these polices to carry His Word to Vietnamese. I will continuous to go to that place to make these polices to know me well.

Please joint me in prayer for Vietnam. God really touch my heart for these people. I really want to see them get freedom to worship God in their country.
